WHOLESALE LIST

Imported and Domestic Bulbs
Fall 1949

To Our Customers:

Another year has gone by and time being a relentless taskmaster we have to start thinking about our fall bulb supply for 1949. Winter in Holland has been favorable for bulb production and without any other setback we may expect a normal crop and our source in Holland has already secured select fields of Hyacinths, Tulips and Daffodils, etc., from which our bulbs will be supplied. It is for that reason that our quality is always dependable and we urge you to sit down and figure out your needs and then send in your order to us.

Prices based on the market of today and subject to change without notice; if any changes come about beneficial to us we will be glad to pass them on to you. Our price is all costs included, F.O.B. New York or Ridgewood, N. J.—no extras tacked on to your bill. We don't even charge for the lumber that makes up the packing crates.

Although we promise to supply you with true to name varieties of high quality, The John Dirkmaat Co., Inc., will not warrant in any way, expressed or implied, the contents or the description, quality, productiveness or any other matter of any seeds, bulbs or plants sold by us, and we will not in any way be responsible for the crop. If the Purchaser does not accept the goods on above terms, no sale is made thereof and goods must be returned within 3 days. Our terms are net 60 days or 2% 10 days to customers with established credit. All others 3% discount cash with order. By placing orders Purchaser agrees with these terms.

Hoping to be favored with your esteemed order as early as possible, we remain,

Very truly yours,
JOHN DIRKMAAT CO., INC.

Dutch Bulbs for Fall Delivery
